

Washington, **Apr 10 -** U.S. Congressman Mike Pence posted the following message to wish everyone a Happy Easter:

Congressman Pence wishes
everyone a Happy Easter

This weekend, like millions of Hoosiers, my family and I will be attending church services and family events to commemorate Easter. Easter Sunday is the day upon which our Christian faith hinges, the day of the Resurrection, and as such it holds deep meaning for our family as it does for millions around the world.

I believe with all my heart that on that morning so many years ago the promise of ages rose from an earthen tomb to rend history and give hope to the nations.

Especially during these difficult times in the life of our nation, hope remains a scarce and invaluable resource. For the Pence family, our hope rests on the risen Christ. Our prayer is that you may find renewed hope in the sunshine of this Easter morning as well.

Thank you for the privilege of serving you in our nation's Capitol. Happy Easter to you all.

Mike Pence
